

AGREEMENT

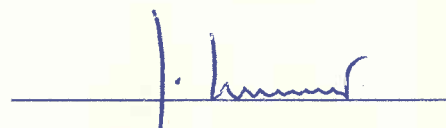

Having in mind the friendship between the American and Portuguese People, as well as the wish to bond the links that associate both cities, due to the importance that has been assumed by the Community of Angra in the United States of America, namely in the City of Taunton, in the State of Massachusetts, and receiving the will of both parties to participate in the welfare of all these citizens, by mutual agreement, they sign the Sister Cities declaration.

To accomplish this, the City Hall of Taunton and Angra will develop a program of cultural and social interchanging in the fields of Education, Tourism Information and others, so that both cultures can be widely diffused.

To reach such an aim and to formalize its sectorial program, organizing committees will be appointed.

A program of annual activities will be established, to take place in both cities, and will include various celebrations and programs to be determined by mutual agreement.

THE MAYOR OF TAUNTON

THE MAYOR OF ANGRA
